INTRODUCTION TO THE MAJOR

The Environmental Economics and Policy major (EEP) offers students the opportunity to explore aspects of economic and political institutions that affect the development and management of natural resources and the environment. The program takes a problem-solving approach to issues involving renewable and fixed natural resources, and it is based on a foundation in micro-economic theory and the economics of resources and the environment.

The EEP major is open for students to declare in the Rausser College of Natural Resources (B.S.). Undergraduates applying for the major program should be strong in mathematics and have an interest in statistics and mathematical modeling.

AMPLIFY YOUR MAJOR

- Take advantage of Rausser’s small-college experience and meet fellow students with common academic interests.
- Apply for a Rausser College Travel Grant to get funded for attending research conferences and presenting your research.
- Attend a Poster Session as an observer or presenter.

What I like most about EEP is the relationships I’ve developed with professors, not only in the classrooms but through research as well.

– Caitlin Crooks

STRUCTURE OF THE EEP MAJOR

The core requirement for the major is micro-economic theory and econometrics. These core courses are supplemented by other courses that apply the methods of social science to resource problems. The major supplies training in basic mathematics, statistics and economics to be able to approach resource-related issues in an effective and practical manner.

CONNECT WITH US

Cal Day
Come to UC Berkeley’s annual Open House in April for information sessions, campus tours, special talks, and more.

Golden Bear Orientation
Join other students in the major for new student orientation before the start of your Berkeley studies.

Events
Attend department events with students, faculty, and staff. Visit are.berkeley.edu for news and updates.

ADVISING

The Undergraduate Advisors for all Rausser College majors are located in the Office of Instruction and Student Affairs in 260 Mulford Hall.

Visit nature.berkeley.edu/advising/meet-rausser-advisors for detailed office hours and appointment booking links. You may email general advising questions to eep.ugrad@berkeley.edu.

HOW TO USE THIS MAP

Use this map to help plan and guide your experience at UC Berkeley, including academic, co-curricular, and discovery opportunities. Everyone’s Berkeley experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.

Visit ue.berkeley.edu/majormaps for the latest version of this major map.

<td><strong>Explore your major</strong></td>
<td><strong>Connect and build community</strong></td>
<td><strong>Discover your passions</strong></td>
<td><strong>Engage locally and globally</strong></td>
</tr>
<tr>
<td>Familiarize yourself with the EEP major requirements. Meet with the EEP undergraduate adviser and sketch out a four-year plan.</td>
<td>Complete the 7-course breadth requirement for the EEP major. Consider adding a minor or a summer minor. Review the college guidelines for study abroad.</td>
<td>Explore possible elective courses—ask your major advisor about approved electives from outside departments. See if you qualify for the honors program, which is a great opportunity to do research.</td>
<td>Finish up any remaining core requirements and electives.</td>
</tr>
<tr>
<td><strong>Discover your passions</strong></td>
<td><strong>Engage locally and globally</strong></td>
<td><strong>Refine and plan your future</strong></td>
<td><strong>WHAT CAN I DO WITH MY MAJOR?</strong></td>
</tr>
<tr>
<td>Apply to the Sponsored Projects for Undergraduate Research (SPUR) program and get support for a joint research project with a faculty member. Visit the Office of Undergraduate Research and Scholarships to learn about student programs and resources.</td>
<td>Go to events and seminars held on campus to learn about current research. Look into the Moorea program if you’re interested in conducting field work abroad. Apply for an internship with CalPIRG.</td>
<td>Check out the EEP Career Snapshot for information about career options. Conduct informational interviews with people in careers you are curious about. Take advantage of career and pre-health advising for Raasuer College students.</td>
<td>Apply to grad school! Take GRE/LSATs over the summer and start asking for recommendation letters. Research potential graduate programs.</td>
</tr>
<tr>
<td>Attend a poster session hosted by the Office of Student Affairs to check out research completed by your peers. Visit faculty during office hours to learn more about their research and opportunities for collaboration. Follow a Course Thread of your interest.</td>
<td>Apply for a Raasuer College Travel Grant to fund travel for academic conferences or research. If interested in environmental policy, look into UCDC in Washington, D.C. Consider the Alternative Breaks program to go on service trips over spring or winter break.</td>
<td>Apply for a Raasuer College Honors Program to pursue a year-long independent research project under the guidance of a faculty member. Apply for funding in order to initiate your own project through SPUR. Apply for a new SPUR project or URAP.</td>
<td>Attend a conference such as the Clinton Global Initiative: University Conference. Look into travel grants from the college and ASUC. Look at fellowship and gap year opportunities.</td>
</tr>
<tr>
<td>Learn about service and leadership opportunities with the Public Service Center and LEAD Center. Explore study abroad options with Berkeley Study Abroad.</td>
<td>Explore the resources at the Career Center. Join Handshake to find Berkeley-specific career opportunities and workshops. Create a LinkedIn profile and resume. Connect with alumni through the Career Connection Series and Cal Alumni Externship program.</td>
<td>Explore possible elective courses—ask your major advisor about approved electives from outside departments. See if you qualify for the honors program, which is a great opportunity to do research.</td>
<td>Attend Employer Information Sessions and network with professionals from a variety of industries. Pursue On-Campus Recruitment. Utilize job search tools from the Career Center.</td>
</tr>
