## HOW TO USE THIS MAP

Use this map to help plan and guide your experience at UC Berkeley, including academic, co-curricular, and discovery opportunities. Everyone's Berkeley experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.

# **CONNECT WITH US**

## Cal Day

Come to UC Berkeley's annual **Open House** in April for information sessions, campus tours, special talks, and more.

### **Golden Bear Orientation**

Join other students in the major for **new student orientation** before the start of your Berkeley studies.

## **Events**

Attend department events with students, faculty, and staff. Visit are.berkeley.edu for news and updates.

## **ADVISING**

The Undergraduate Advisors for all Rausser College majors are located in the Office of Instruction and Student Affairs in 260 Mulford Hall.

Visit nature.berkeley.edu/advising/meet**rausser-advisors** for detailed office hours and appointment booking links. You may email general advising questions to eep.ugrad@ berkeley.edu.

# **ENVIRONMENTAL ECONOMICS AND POLICY**

Bachelor of Science

# **INTRODUCTION TO THE MAJOR**

The Environmental Economics and Policy major (EEP) offers students the opportunity to explore aspects of economic and political institutions that affect the development and management of natural resources and the environment. The program takes a problemsolving approach to issues involving renewable and fixed natural resources, and it is based on a foundation in micro-economic theory and the economics of resources and the environment.

The EEP major is open for students to declare in the Rausser College of Natural Resources (B.S.). Undergraduates applying for the major program should be strong in mathematics and have an interest in statistics and mathematical modeling.

What I like most about EEP is the relationships I've

- Caitlin Crooks **STRUCTURE OF THE EEP MAJOR AMPLIFY YOUR MAJOR** The core requirement for the major is micro-economic • Take advantage of Rausser's small-college theory and econometrics. These core courses are experience and meet fellow students supplemented by other courses that apply the methods with common academic interests. of social science to resource problems. Apply for a Rausser College Travel The major supplies training in basic mathematics, **Grant** to get funded for attending statistics and economics to be able to approach research conferences and presenting your resource-related issues in an effective and practical research. manner. • Attend a **Poster Session** as an observer or presenter.
