**LIFE SCIENCE, BUSINESS, AND ENTREPRENEURSHIP**

**Bachelor of Arts + Bachelor of Science**

**INTRODUCTION TO THE MAJOR**

The Robinson Life Science, Business, and Entrepreneurship (LSBE) Program is a jointly-administered program through the Haas School of Business and the College of Letters & Science. Students earn a BS in Business Administration and a BA in Molecular and Cell Biology, and take courses that prepare students for success in industries like biotech, pharma, healthcare, and beyond.

In addition to specialized coursework taught by award-winning faculty, the program offers networking opportunities, career coaching, and mentoring opportunities within a peer-to-peer cohort of students whose interest in the life sciences is fueled by their curiosity and passion to change people’s lives for the better.

**AMPLIFY YOUR MAJOR**

- Enrich your business and biology studies with specialized research and internship experiences.
- Join student organizations at the intersection of healthcare and business.
- Participate in a case competition to develop and strengthen skills needed throughout your career.
- Look into the Sutardja Center’s Certificate in Entrepreneurship and Technology.

**ADMISSION TO THE PROGRAM**

Admission to LSBE is open to students who enter UC Berkeley as freshmen. Students apply during sophomore year, and must complete all prerequisite requirements for the Business and Molecular and Cell Biology majors. We seek applicants who are:

- Passionate about the intersection of science and innovation
- Self-motivated leaders interested in problem solving
- Interested in shaping the future of biotech, pharma, and healthcare
- Entrepreneurs at heart

*“This program is a great bridge between the technical learning that makes biology interesting and the business development that brings the innovation to life.”*  
— Saloni Patel, LSBE Student
